

Notification of Price Revision

Dear Distributors and customers,

Thank you for your continued support and patronage.

Due to the recent increase in raw material costs and the fluctuations in foreign exchange rates, the manufacturing environment of our products has been drastically changed.

We have been working on improving the efficiency of operations and production system to avoid the price increase, however, the situation has exceeded the limit that can be absorbed by corporate efforts.

With much regret, we decided to revise the price from the Purchase Order received on and after August 1st 2019.

We will continue our endeavor to improve the quality and stable supply of our products.

Thank you for your kind understanding and cooperation.

Sincerely,

Ohtake Root Kogyo Co., Ltd.

Sales Department
