

December 21, 2023

Dear Customers,

Certificate of EU REACH SVHC Compliance

We hereby certify that no substance set forth below exceeds any threshold in our products and their repair parts, which are delivered directly from us (including our subsidiaries in OHTAKE Europe).

Target Item: all of our exported products in EU
Please refer to the product model list at the following URL.
<https://ohtake-root.co.jp/asf/download/>

Target substances: EU REACH SVHC 235 (the 29th)
Threshold: 0.1% by weight (1000ppm of the products)

The SVHC reported contents are declared based on the latest information which we can be obtained from our suppliers. The revised certificate will be posted once information of 0.1% by weight is exceeded to part gross weight and contain is obtained. Please note that the result of as above, therefore the registration of SCIP is not applicable.

Best regards,
