

November 3<sup>rd</sup> 2023

Dear valued customers,

End-of-Sales Notice of Escaper motors

Thank you for your continued support for OHTAKE products.

This is the notification to let you know we have End-of-Sales (EOS) escaper motor parts for the following models. We greatly appreciate your understanding and cooperation in this matter.

**■ Product model: Automatic screw presenters**

NJR/NJRL/NSR/FM-36/FME-36 series

**■ Description:**

End-of-sales of escaper motors due to the discontinued parts.

There are the alternative escaper motors.

**■ Implementation of alternative parts:**

From November 2023 production.

The implementation schedule may change depending on the stock status.

**■ Notes:**

- There are no changes to the operational specifications as a result of this modification.
- The current escaper motors will be available only for the stocks. After that, the entire unit will be replaced as assy.
- Escaper Motor (With Harness) will be available from November 2023 production. However, it is not compatible with discontinued parts.
- Please refer to the next page for the correspondence of the EOS parts / alternative parts.

Should you have any questions or concerns, please contact OHTAKE sales team.

① NJR/NJRL series
